

VIEW

AT NEW HEIGHTS...

FROM THE GM

Well, I have never been more excited for a new year than I am for the past few months of 2022. We are thrilled for the re-opening of our new and improved Tampa Club's spaces in late February. As many projects do, ours experienced delays from a variety of reasons, but at long last we are open and operating in our new "Grille," now aptly named VIEW 42, now featuring access to the outdoor terrace on the 42nd floor. A big thanks to former board member, John Taylor, for the inspiration. If you have not been to the club in the last 6 weeks, please come back and check out our progress!

Sincerest thanks must be shared to our general contractor, Walbridge Construction, and board member, Frank Rygiel, whose entire team has gone above and beyond to bring us the best dining and bar experience in this city. Club Member, Stephen Busbee, and Spectra Flooring have been an important part of our project as well. And thanks to other critical players, Steven Tozer with Imagineity, the project architect, and Carla Atkinson for the Interior Design work. If not already, in this issue you'll get a glimpse at our re-branding and new logo from the team at BKN Creative, members Brandon & Kevin Tydlaska-Dziedzic.

The first quarter of 2022 has been a welcome rebound from the quieter days mid-pandemic and throughout last year. Many post COVID complications have continued to create challenges for us in the Club, namely with regard to turnover in staffing, product availability and cost of goods. While we are doing the best we can to flex to those issues, we apologize for the times when things like this do trickle down to your experience in the Club. On that note, we are HIRING, so I encourage any prospective candidates in your network to contact us regarding open positions. We have added an army of new team members in recent months, and I look forward to you getting a chance to interact with them.

The new operation in VIEW 42 has proven to be a formidable task. We have tripled our capacity, tripled our average number of guests in the dining room on a nightly basis and tripled our staff, all in a very rapid period of time, all while maintaining the same size kitchen. No doubt you will see signs of that growth and progress. On a daily basis we are tweaking things like menu, execution,

and manner of service, working only towards hitting the right combination to deliver our members with an experience above everywhere else. THANK YOU in advance for your patience and support. We do hope to send around a survey for our Members to complete in the coming weeks so as to provide everyone an opportunity to share their perspective and constructive feedback.

Club events have seen record attendance, often selling out and despite a smaller dining room, we stayed busy. Be sure to review our updated operating hours, creating more opportunities for you to enjoy your Club.

ANDREW SEKALA, SPECIAL AGENT, FBI TAMPA DIVISION**

The pandemic has created a sort of perfect storm for fraudsters. The large number of people working from home, many of whom have never worked from home before and may be unfamiliar with cybersecurity defenses, has resulted in a host of new vulnerabilities, which bad actors have been quick to exploit. This presentation highlights a number of bulletins published by the FBI since the start of the pandemic including cybersecurity tactics and techniques as well as traditional fraud schemes. The presentation provides warning signs/red flags to help identify threats, and gives best practices on how to protect yourself against that vulnerability.

For seven years, SA Sekala supervised a squad of Special Agents, Forensic Accountants, and Intelligence Analysts responsible for investigating white collar crime. He is currently assigned as the Private Sector Coordinator for FBI Tampa. In this role, he is responsible for liaison between the FBI and all non-government entities (including companies, financial institutions, and colleges/universities) in the 18 counties which make up the territory of the FBI Tampa Division
